

INFRARED SAUNAS

Jacuzzi Infrared Sauna Limited Lifetime Warranty*

Your Jacuzzi® infrared sauna comes with another exclusive – Jacuzzi Infrared Sauna Limited Lifetime Warranty for residential use. Few other companies can offer this type of warranty because no one builds saunas like Clearlight Infrared®.

In the rare event that you might have an issue with your sauna, our limited lifetime warranty covers the entire sauna – heaters, controls, electrical and wood, even the included audio system. You will never have to worry if anything should go wrong with your Jacuzzi® infrared sauna.

If you are using your sauna in a commercial location, you are still covered under our 5-year warranty. When it comes to comparing the warranties that other manufacturers offer, you'll find no one else comes close. See for yourself.
